## Easter Egg Cheesecake

Serves 10

## OPENING HOURS Monday - Friday 8:30am - 5:00pm

Ingredients

Vegetable Oil 200g Digestive biscuits 80g Unsalted butter, melted 250g Mini chocolate eggs 400g Full-fat cream cheese 150g Icing sugar 1 tsp Vanilla bean paste 400g double cream

#### Method

**Step 1:** Oil a 20cm deep springform cake tin and line with baking parchment. Tip the digestive biscuits into a food bag or the bowl of a food processor and crush or blitz to a fine crumb. Mix with the melted butter, then press into the base of the prepared cake tin and chill for 30 mins.

**Step 2:** Roughly chop half the chocolate mini eggs. Beat the cream cheese with the icing sugar and vanilla until just combined using an electric whisk. Clean the beaters, then beat the double cream to stiff peaks in a separate bowl. Gently fold the whipped cream into the soft cheese mixture along with the chopped chocolate mini eggs. Spoon the cheesecake mixture over the biscuit base, then smooth the surface with a palette knife or spatula. Chill overnight.

**Step 3:** The next day, carefully release the cheesecake from the tin (you may need to run a cutlery knife around the edge to loosen it) and top with the remaining whole chocolate mini eggs to decorate.
